Message

Since its establishment in 1930, Sankyo Rikagaku has been providing customers in a wide range of industries, including automotive, woodworking, metal, electronic components and DIY, with FUJISTAR brand abrasive cloth/paper, abrasive films.

Our recent acquisition of Taishan Group has enabled us to expand the development and manufacturing at both of our manufacturing bases in Japan and China, taking advantage of our respective strengths.

We will continue accelerating our global expansion and strive to become the No. 1 polishing solution provider in Asia. In addition, by promoting diversity and inclusion management, we will strengthen our organization and human resource development to meet the diverse needs of our customers.

Sankyo Rikagaku will continue to create new value together with our customers.
